

Iraq- New irrigation project in western Karbala

Aswat Al-Iraq - 17/08/2010

(MENAFN - Aswat Al-Iraq) Work has been started to execute an irrigation project in western Karbala, to minimize water losses in the province.

"The project is located at the Ein al-Tammur district, 85 km west of Karbala city," a local provincial source told Aswat al-Iraq news agency on Monday.

He explained that the total cost of the project is ID148.5 million.

"The firm that currently executes the project will finalize it within 75 days," the source added.

The holy city of Karbala lies 110 km southwest of Baghdad.
