

Saudi Arabia: Water Contracts Worth SR 1.255 Billion Awarded

28 June 2010

Riyadh -- The National Water Company has awarded 9 contracts worth SR 1.255 billion for projects in the first phase of Strategic Water Plan in Riyadh for making full use of Ras Al-Zour Water Desalination Station of Saline Water Conversion Corporation, expected to pump nearly 800,000 cubic meters of water per day.

The company disclosed that the joint local and South Korean consortiums have won 4 contracts worth SR 642 million and other national companies 5 contracts worth SR 613 million.
